Advance Halted By Russians While Cavalry Reconnoiters New Lines

ASSOCIATED PRESS TELEGRAM
Rome, Sept. 8.—More than thirty thousand prisoners have been taken during the Italian offensive, the war office announces.

AUSTRIA DENIES LOSS.

ASSOCIATED PRESS TELEGRAM
London, Sept. 8.—In the Hermada sector on the front northeast of Triest, the Austrians have recaptured ground gained by the Italians, according to an undated official statement from the Austrian war office received here today.

The statement says the Italians can no longer boast of having gained a yard of ground. Up to the present time, according to the announcement, the Austrians have taken more than 6,000 prisoners in the Hermada region.

ADVANCE IS HALTED.

ASSOCIATED PRESS TELEGRAM
Petrograd, Sept. 8.—No further advance by the Germans on the Riga front is reported in today's official communication. The Russian positions are being reconnoitered by German cavalry.

STOPS AT RIGA.

ASSOCIATED PRESS TELEGRAM
New York, Sept. 8.—Despite the continued retreat of the Russians on the Riga front indications are not wanting that the German drive in this region may have reached nearly its limits. This view, indeed, is taken by leading German military writers who point to the lateness of the season as making it impossible that Von Hindenburg intends to push his campaign further this fall. He will be content with safeguarding his new acquisitions, the bases of Riga and Duenamunde, they intimated.

The absence of German naval cooperation on a large scale in the gulf of Riga with the forces operating on land in the region seems to lend additional color to this view. Petrograd reports that only German submarines have been in the gulf and that indeed a Russian naval force is still stationed there ready to engage any enemy warship contingent that may appear.

The Franco-Belgian front is witnessing some local infantry movements but for the most part the artillery and the airmen are the only branches of the service being actively employed by either side. London reports heavy patrol fighting on the Ypres front during the night, a successful British raid near Gavrelle and the heavy shelling of Langemarck by the Germans. No infantry action of importance developed, however.

The Paris statement announces local attacks by the Germans in Lorraine, to the east of Rheims and on the Aisne front, which were broken up by the French fire.

Vienna claims in an undated official statement the driving back of the Italians in the Hermada sector where General Cadorna has been pushing towards Triest. It is asserted that all the ground won by him in the present offensive has been recovered and that more than 6,000 prisoners have been taken by the Austrians up to the present.

NEWARK NURSE WAS AT BASE HOSPITAL BOMBED BY HUNS

Miss Katie Forry, a nurse, and niece of Dr. W. H. Forry, West Main street, is supposed to have been in the Harvard Base Hospital in France, which was raided by German airplanes this week.

Miss Forry sailed from New York with the Harvard unit, made up of medical men and students from Harvard, in the capacity of a nurse. As the Harvard Unit Hospital was one of those mentioned in the news dispatches as suffering loss of life during the air raids, her relatives and friends in this city are concerned as to her safety.

MESSAGE SAYS: "ALL WELL."

ASSOCIATED PRESS TELEGRAM
Cambridge, Mass., Sept. 8.—A cablegram containing only the words: "All well," from Dr. Benjamin K. Emerson of Worcester, temporarily in charge of the Harvard hospital in France, was received last night by Herbert White, manager of the unit. Mr. White interpreted the message as giving assurance that the men reported as killed or wounded in the German aerial bomb attack on American hospitals in France on Thursday were not members of this unit.

Dr. Hugh Cabot is head of the Harvard unit. Dr. Emerson is in charge during his temporary absence.

U-BOAT COMMANDER'S BODY WASHED ASHORE

ASSOCIATED PRESS TELEGRAM

Copenhagen, Sept. 8.—The body of Lieutenant von Gintz, commander of a German underwater boat belonging to the Flanders submarine flotilla, has been washed ashore on the northwest coast of Denmark. The bodies of two aviators, one British and one German, also have been brought in by the tide.

REICHSTAG MEMBERS

VISIT BATTLE FRONTS

ASSOCIATED PRESS TELEGRAM

Amsterdam, Sept. 8.—Thirty-two members of the German reichstag left Berlin yesterday to visit the battle fronts "to form some idea of the strategic situation of the fighting line," according to the Weiser Zeitung. They went on invitation of army officials. Sixteen were assigned to the western front and the other 16 to the eastern front. All the members of the reichstag, the paper adds, are to have an opportunity of visiting one of the fighting fronts before the reichstag reassembles.

CLOTHING IS TORN FROM BODY; CLOSSEN INSTANTLY KILLED

ASSOCIATED PRESS TELEGRAM

Crotone, Sept. 8.—Wm. Clossen, 54, living four miles west of here, was instantly killed, every bit of clothing torn from the body, and body badly mangled when he was struck by a north bound freight train at the T. and O. C. station at 3:35 o'clock Saturday morning.

The train crew did not know of the accident and the body lay along the tracks until found by Section Boss Rinchart on his way to work at 6 o'clock this morning. It is surmised that Clossen was awaiting a chance to catch a ride home and had stationed himself on the curbing outside the depot. He evidently fell asleep and the passing train caught him.

The right hand was cut off, the right leg was torn off, the member was torn apart at the knee joint. There were deep cuts on the head and about the body and the body was perfectly nude.

It was moved to the side of the tracks, where with a sheet over the remains it awaited the verdict of the coroner, Dr. W. L. Jackson, who had been summoned from Newark.

The deceased had been employed on the section of the T. and O. C. at Centerburg until a few months ago, since when he had been living alone west of here and doing work by the day. His wife is dead, and he has one son, living either in Columbus or Westerville, and one brother, Joseph, residing near Columbus. No arrangements have been made for the disposition of the body or the funeral arrangements.

BRITISH VESSEL IS SUNK AFTER TAKING TROOPS TO ENGLAND

ASSOCIATED PRESS TELEGRAM

An Atlantic Port, Sept. 8—News of the destruction of the 8492 ton British steamship Turakina by a torpedo from a German submarine on August 13 was brought here today by several members of her crew who arrived on an American passenger ship from Great Britain. The ship had but recently landed at a British port, a detachment of 1200 New Zealand troops and was on her way to New York to take a cargo of oil.

According to Charles West, refrigerator engineer of the ship, three members of the crew lost their lives from the explosion of the torpedo. The others, 72 in all, escaped in life boats and were picked up eight hours later by a British destroyer. The attack occurred about 180 miles out and although the Turakina was armed, there was no chance to use the guns as the u-boat did not show itself.

The vessel was owned by the New Zealand Shipping Company and was built in 1902 at New Castle, England.

ANOTHER BRITISH SUNK

ASSOCIATED PRESS TELEGRAM

An Atlantic Port, Sept. 8.—The British steamer Delphic, a vessel of 3,273 tons gross register, one of the White Star fleet, has been sunk by a German submarine, according to word received here today in shipping circles. The sinking occurred August 13, the advice stated, some distance off the Irish coast and while the vessel was under armed convoy. All the crew were saved.

PUGILIST NOT EXEMPTED.

ASSOCIATED PRESS TELEGRAM

New Orleans, Sept. 8.—The district exemption board has refused exemption to Peter Gulotta, known in the sporting world as Pete Herman, claimant to the world's bantamweight championship. His parents had appealed from the local board on the ground that their son was their sole support and that they were aged and infirm. The district board held that Gulotta had sufficient funds to care for his parents.

PEORIA STILLS CLOSE.

ASSOCIATED PRESS TELEGRAM

Peoria, Ill., Sept. 8.—At 11 o'clock tonight Peoria will cease to be the whiskey-making center of the world. Thousands of gallons of liquor will remain in warehouses here, but its manufacture ends today under the food conservation law.

PRESS DISTORTS TESTIMONY TO FAVOR TEUTONS

REPORTS OF RUSS TREA TRIAL REVEALS EFFORTS TO MISREPRESENT

KAISER WAS MOBILIZING WHILE YET URGING DELAY

RUSSIAN COMMANDER HAD SECRET INFORMATION AND WAS NOT NAPPING

ASSOCIATED PRESS TELEGRAM

Copenhagen, Sept. 8.—With the arrival here of Russian newspapermen light is thrown on the campaign which the German government has been conducting on the strength of testimony brought out at the trial of General Soukhomlinoff in Petrograd for high treason. Accounts of the trial published in the Novoe Vremya of Petrograd show that in the attempt to prove that Russia was responsible for beginning the war the Germans deliberately suppressed important parts of the testimony given by General Januschkevitch, former chief of the Russian general staff.

In its report of the trial the semi-official German newspapers omitted in its entirety a passage regarding an interview between General Januschkevitch and the German military attache in Petrograd. It appears from the Novoe Vremya that General Januschkevitch testified that precise reports had been received that German mobilization already was secretly in progress. The Russian staff knew that this could be done under the German law, without formal proclamation, whereas in Russia, a public manifesto from the emperor was a prerequisite.

On the following day a dispatch was received from the Russian ambassador at Berlin confirming the previous information that the German mobilization was in progress. The emperor then expressed his thanks to General Januschkevitch for not having revoked the mobilization order.

The foregoing dispatch gives the first intimation from a Russian source in regard to the testimony which the German chancellor, Dr. Michaelis, said earlier in the week established "irrefutably" that it was the military party around the Russian emperor, and not Germany which chose the time for the war. The chancellor said that if the American government had had knowledge of this testimony its judgment as to responsibility for the war as expressed in the President's reply to the pope would have been quite different.

The principal point made by Dr. Michaelis was that the Russian emperor convinced at length of the German emperor's desire for peace, ordered cancellation of the mobilization order but that "a couple of criminals" disregarded the order and thwarted its execution. No reference was made by the chancellor to the suppressed testimony which now is at hand indicating the Russian staff had learned the German mobilization was in progress secretly, and that when this fact had been established definitely the Russian emperor thanked his chief of staff for not having carried out the order to cancel the mobilization decree.

MORE OHIO UNITS ORDERED TO CAMP AT MONTGOMERY

ASSOCIATED PRESS TELEGRAM

Montgomery, Ala., Sept. 8.—The Third Ohio field artillery, with headquarters at Columbus, but made up of men from all sections of the state, has been ordered to entrain for Camp Sheridan. The unit was formerly a cavalry organization, but was dismounted under the scheme of the war department to conform with the European division formations.

Brigadier General W. R. Smith, commander of the artillery brigade, is searching for a piece of land which will represent "No Man's Land." It is the purpose of the general to transform the land so that its physical features will give his men real work. The engineers are to be used in the transformation.

The announcement of General Smith that he was going to put his men to work for actual service abroad was well received at Camp Sheridan, and the fact that other units of artillery had been ordered here from Ohio. Indicate that the commanding officers now consider Camp Sheridan in shape.

It was announced today that there had been a delay of a day in the movement of the two hundred young officers ordered here from Chillicothe. These young officers, recent graduates of the officers' reserve training school, will be put on detached duty here. This means that 40% of the officers reserves are to be placed with the Ohio guardsmen.

Company G of the Tenth regiment has been ordered to report at Camp Sheridan at once. Company G hails from Alliance.

An order was issued today forbidding Ohio soldiers to be seen on the streets of Montgomery after 10 p.m.

GERMAN ENVOY IN ARGENTINE USED THE SWEDISH LEGATION TO INFORM BERLIN OF SAILING OF SHIPS

ASSOCIATED PRESS TELEGRAM

Washington, Sept. 8.—How Sweden's legation in Argentina, acting as a secret means of communication between the German chargé in Buenos Aires and the Berlin foreign office transmitted information of the sailing of ships and directions for their destruction by submarines was revealed today in official dispatches made public by the state department.

Copies of official dispatches sent to the Berlin foreign office by Count Luxburg, the German chargé in Buenos Aires, in cipher through the Swedish legation there, as its own communications, were made public by Secretary Lansing without any comment, as no indication of what is to come as to the result of the disclosure.

Copies of the State department's announcement were delivered the same time they were made public to the Argentine embassy and the Swedish legation here. Beside revealing the means in

which Germany used Sweden in her machinations in Argentina, the dispatches show how the German chargé, at the time Argentina was having a critical diplomatic controversy with Germany over German submarine destruction of her ships, was sending through the Swedish legation information of the sailings of certain vessels with recommendations that they be sunk "without leaving any trace," and in other dispatches, informing his government how to regard Argentina's protests against the destruction of her shipping.

In the absence of any official comment whatever on the disclosures it appeared that the manifest purposes of the United States in publishing the correspondence were two. First, to show the relations between Germany and Sweden, at least so far as the agitations in Argentina were concerned; and, second, to disclose to Argentina, where Germany influences

seem to have been strongest in all

South America, the manner in which the German diplomatic agent at her capital was giving secret instructions for the destruction of her shipping and the manner in which he was guiding his government in dealing with Argentina diplomatically.

Germany recently gave Argentine

a promise that no more of her shipping would be submarine in violation of international law.

It was announced that Argentina accepted Germany's promise as a satisfactory solution to the situation which threatened a break in diplomatic relations, if not actually war.

The following was issued at the state department.

"The secretary of state today

made the following statement:

"The department of state has secured certain telegrams from Count Luxburg, German chargé d'affaires at Buenos Aires, to the foreign office at Berlin which I regret to say were dispatched from Buenos Aires by the Swedish legation as their own official messages,

ARSENAL WORKER RESPONSIBLE FOR BLAST, 2 ARE DEAD

Explosion at Frankford Arsenal Injured 23, Including Two Women

OFFICERS DECLINED TO MAKE ANY STATEMENT

Fire Followed Explosion
Which Resulted From
Carelessness

ASSOCIATED PRESS TELEGRAM

Philadelphia, Sept. 8.—Two workmen are known to have been killed and 23 persons badly injured in an explosion at the Frankford arsenal in this city early today. According to workers the explosion was accidental, there being nothing to indicate that it was caused by an outside agency. Two of the 23 injured are young women.

Major Montgomery, commandant of the arsenal and his aids are investigating the explosion and decline to make any statement until they have completed their inquiry. Carelessness of a workman, it was believed, was the cause of the accident.

The explosion occurred in one of three small buildings known as the detonating dry rooms, where the primer caps for three and six inch shells and small arms cartridges are dried. The building in question had its walls packed with clods and every precaution was taken to prevent accidents.

Nineteen of the injured were treated at a nearby hospital. One is expected to die. Later all but five of the injured were able to go to their homes. None of those hurt were able to give a coherent account of what happened.

New York troops are guarding the arsenal and no one was permitted to enter the government compound.

The explosion was the second fatal one to occur within the past five months. Two men were killed by the bursting of a shrapnel fuse in the high explosive building last April.

Three investigations were under way soon after today's explosion, by which federal officials, the police and coroner participated.

OHIO STAFF IS ORDERED TO MONTGOMERY CAMP

ASSOCIATED PRESS TELEGRAM
Columbus, Sept. 8.—All members of the divisional staff of the federalized Ohio national guard with the exception of Major W. H. Parker of Cincinnati, today were ordered to proceed to Camp Sheridan, Middletown, Ala., where the Ohio guard will be trained. The members of the staff were appointed by Governor Cox.

GERMAN ENVOY USED SWEDISH LEGATION TO INFORM BERLIN

(Continued from Page 1)
addressed to the Stockholm foreign office.

The following are translations to the German text:

"May 19, 1917, number 32. This government has now released German and Austrian ships on which hitherto a guard had been placed. In consequence of the settlement of the Monte (protector) case, there has been a great change in public feeling. Government will in future only clear Argentine ships as far as Las Palmas. I beg that the small steamers Oran and Guazo 31st of January (meaning which sailed 31st) 300 tons, which are (now) nearing Bordeaux with a view to change the flag, may be spared if possible or else sunk without trace being left ('spurior versenkt'). (Signed) 'Luxburg'."

"July 3, 1917. Number 59. I learn from a reliable source that the acting minister for foreign affairs, who is a notorious ass and anglophile, declared in a secret session of the senate that Argentina would demand from Berlin a promise not to sink more Argentine ships. If not agreed to relations would be broken off. I recommend refusal and if necessary, calling in the mediation of Spain. (Signed) 'Luxburg'."

"July 9, 1917—number 64. Without showing any tendency to make concessions, postpone reply to Argentine note until receipt of further reports. A change of ministry is probable. As regards Argentine steamers, I recommend either compelling them to turn back, sinking them without leaving any traces or letting them through. They are all quite small." (Signed) 'Luxburg'."

(ASSOCIATED PRESS TELEGRAM)
Toledo, Sept. 8.—The third field hospital corps, 80 men and five officers, has received orders to leave as soon as possible for Camp Sheridan, Montgomery, Ala.

Official Statements of War Department

GERMAN

(ASSOCIATED PRESS TELEGRAM)

Berlin (via London), Sept. 8.—The French have resumed the offensive in the Verdun region, according to today's war office statement. They attacked last night on a 20-mile front, but were repulsed, it is declared. This morning the battle was renewed.

The Russians are hastily entrenching in the Riga region to the west of Verden, says today's army headquarters' statement. German cavalry is in touch with them on this new line and advanced Russian detachments have been pushed back.

RUSSIAN

(ASSOCIATED PRESS TELEGRAM)

Petrograd, Sept. 8.—German aircraft have again been sighted in the Gulf of Riga, and have been shelled by the Russian coast batteries, the war office announces. Russian torpedo boats discovered a German submarine, and enemy ships, apparently trawlers, were observed in Irenens sound. They were forced by the Russian batteries to retire.

NO CAUSE ASSIGNED

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 8.—No cause for the explosion at the Frankford arsenal today is assigned in official reports received by General Crozier, chief of ordnance. They merely state that a primer and a detonator dry house blew up resulting in four other scattered explosions. Twenty-five hundred dollars were requested for making immediate repairs.

Death Follows An Operation In Akron

ARTHUR G. WILSON.

Arthur G. Wilson, brother of Mrs. M. J. Hannum and Mrs. A. U. Strong of Newark, died last Sunday in an Akron hospital, following an operation. He was a well known contractor.

MYKRANTZ STORE OPENED; CROWDED WITH CUSTOMERS

The formal opening of the new Mykrantz drug store, North Park Place, under the management of Howard C. Zimmerman, today attracted large crowds, many of whom were not sightseers, but patrons.

They presented an attractive appearance with the beautiful fixtures of mahogany and glass and the large white marble soda fountain in the center of the store. The fountain and large buffet back of it were banked with crystal baskets and willow baskets which were filled with a variety of gorgeous roses. The Mykrantz stores throughout the state have the reputation of being the best, and under the management of Mr. Zimmerman, who is affable and has a large clientele in the drug trade, the store should be one of the popular pharmacies of the city.

Mr. Zimmerman, who was formerly with the Collins store, will be assisted by Fred Woodward, pharmacist; Misses Vernal Stumpf of Columbus, and Miss Georgia McCoy of Newark, and today alight in the distribution of the favors of roses were Misses Clara Copeland and Mrs. Lilian Kemp.

Dainty sandwiches of chocolate and white ice cream were also given the patrons.

The store has all the accessories in the drug business and will serve dainty little lunches in connection with the fountain.

BADER IS GRANTED EXEMPTION FOR A STATED PERIOD

A number of the men passed by the local draft board appealed to the district board at Columbus. The appeals were made for re-examination on physical grounds, industrial claims, and general appeals. None of the cases from this county was allowed by the district board with the exception of that of Max W. Bader, who was granted a temporary exemption.

Those whose appeal was rejected were: Tode Ego, William P. Matnes, Triton Vidnoff, Stephen F. Costello, Frank H. O'Shaughnessy, Walter D. Loar, Francis Haban, Hugo Thurmer, George J. Brennan, Edward L. Walters, Robert Jones, Emmet F. Claggett, James R. Stewart, John W. Wharton, Lawrence Green, Frederick W. Charles, Everett R. Francis and Carey R. Billman.

FIRST CONTINGENT OF OHIO SOLDIERS ARRIVE IN CAMP

(ASSOCIATED PRESS TELEGRAM)

Chillicothe, O., Sept. 8.—The last of Ohio's and western Pennsylvania's first 5 per cent of drafted troops were arriving at Camp Sherman here today, and by tonight all will be quartered in the big camp.

The first contingents began arriving last Wednesday. No more will arrive now until September 13, when the next 40 per cent will come.

Troops already in camp have begun their intensive training. Their first lessons are in drilling. Later, they will be taught bayonet practice, trench-digging and bomb-throwing.

START CAMPAIGN CLEANSE LABOR OF KAISER WORKERS

(ASSOCIATED PRESS TELEGRAM)

Minneapolis, Sept. 8.—The local committee of the American Alliance for Labor and Democracy, which concluded its big loyalty conference last midnight, today opened its campaign to drive pro-German propaganda from labor's ranks in Minnesota.

Part of the campaign literature will be the address yesterday by Wesley Frost, who drew a graphic picture of his experience as American consul at Queenstown after the sinking of the Lusitania, the Lusitania and scores of smaller craft.

AUTO EXHIBIT AT COUNTY FAIR WILL BE INTERESTING

FIND TETANUS GERMS IN COURTPLASTER FROM OHIO

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 8.—Presence of lockjaw germs in two out of 13 samples of courtplaster purchased in Washington, D. C., and strong indications of the presence of such germs in a single sample from the Ohio state department of health, have been found by the government's hygiene laboratory.

"There is no ground for believing that the contamination was intentional," the public health service announced today.

The Board fixed the general admission at 25 cents per person. There will be no charge for admission to the grounds of automobiles and vehicles.

The display of automobiles by the various dealers will be the biggest since the Fair was started. Nearly every dealer in the county will exhibit.

The first contingents began arriving last Wednesday. No more will arrive now until September 13, when the next 40 per cent will come.

Troops already in camp have begun their intensive training. Their first lessons are in drilling. Later, they will be taught bayonet practice, trench-digging and bomb-throwing.

VOTE WAR TAX BILL AT MONDAY SESSION

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 8.—With the hotly-contested war profits and income tax sections of the war revenue bill out of the way, the Senate today took up for final disposition minor points of dispute in the measure.

The final vote on the bill as a whole must be taken not later than Monday.

High tax advocates lost their fight again yesterday when the Senate tentatively adopted the finance committee's income tax provisions designed to raise \$842,000,000 additional revenue from individuals and corporations.

DISTILLERIES QUIT SUNDAY UNDER THE NEW FOOD ACTS LAW

Washington, Sept. 7.—Manufacture of whiskey will cease throughout the nation at 11 o'clock tomorrow night when the prohibitory clause of the food control act becomes effective.

Millions of bushels of grain which would otherwise be ground up for whiskey will thus be released for food. How many millions, no one knows, for the manufacture of alcohol for beverage purposes is so closely blended with the production of alcohol for industrial and medicinal purposes that there is no way of determining the exact amount.

Of the 100,000,000 bushels of grain, or thereabouts, which goes into the distilleries each year, about 40 percent, experts estimate, comes out in the form of whiskey and other distilled beverage drinks. The remainder made into alcohol of exactly the same characteristics as that used for whiskey, eventually finds its way into perfume, toilet waters, bay rum, medicines and to industries where denatured alcohol is used in ever increasing quantities.

Approximately 116,000,000 gallons of whiskey is produced each year by American distillers. Production of alcohol by the same distilleries for commercial and medicinal uses other than beverages approximates 146,000,000 gallons. The manufacture of alcohol for the latter purposes will continue as usual, probably in greater volume, and few of the larger distilleries, if any, will have to shut down.

The class of distilleries which will put out of business is composed almost wholly of small plants operated by from one man to half a dozen men located in California, Ohio and New Jersey and producing brandy from grapes, apples and peaches. These produce approximately 2,000,000 gallons a year.

Those in New Jersey and Ohio officials believe, will suspend operations entirely. The California plants, it is thought, will continue to operate, in part, for the manufacture of spirits for fortifying sweet wine.

So far as officials here can learn, there are few distilleries in the United States, with the exception of the fruit brandy plants, producing whiskey at the present time. Some

mer is the off season for whiskey production, which is confined almost wholly to the winter months, the early spring and the late fall. The cessation of active whiskey production, therefore, at this season of the year, is largely theoretical, but the operation of the law will prevent the manufacture of whiskey at the time it usually starts on a large scale, the latter part of September.

Stopping whiskey manufacture, instead of curtailing it, the governments' revenues, will increase them for the next two years, officials believe. Coupled with the operation of the pending revenue bill, the withdrawal of whiskey from the stock already accumulated will probably treble the revenues within the next 12 months, as the present law imposes a tax of \$1.10 and the revenue bill contemplates a tax of \$2.20 a gallon. A stock of approximately 230,000,000 gallons has accumulated in the bonded warehouses and on the shelves of wholesale and retail liquor dealers. Approximately 190,000,000 gallons are in warehouses and upon that quantity the government will collect taxes as it is withdrawn.

NEWARK MASONIC TO CONFER DEGREES

The degree team of Warren Chapter, No. 6, Royal Arch Masons of Newark will go to Zanesville Monday evening, Sept. 24, where they will assist the local chapter in conferring the Royal Arch degree on three candidates.

The Newark Masons are noted for their method in exemplifying the work and a large attendance is expected. Following the degree work a banquet will be served in the ball room of the Masonic temple.

TRADE OPPORTUNITY IN SPAIN.

Washington, Sept. 8.—American firms now have an opportunity to supplant Germany in the hardware trade of Italy, Spain and Portugal, according to a statement issued by the department of commerce today. American hardware, says the report, can make more than compete with German products in these markets if an effort is made to cater to the demands of the trade.

BRINGS DOWN AIRCRAFT.

Washington, Sept. 8.—Edward Parsons of Springfield, Mass., a member of the La Fayette escadrille, has brought down his first German airplane and has been cited to receive the war cross. Parsons dived straight at the enemy as he fled and fell alone prevented a collision.

Steubenville, O., Sept. 8.—Declaring that the action of officers of Companies F and G, Tenth Ohio Infantry, in refusing to allow their men to act as an escort to draft soldiers who left here yesterday for the Chillicothe training camp was an insult to the national army, officials of the local draft boards last night announced that the incident would be laid before the war department immediately.

Feeling is so strong that a tobacco fund being raised for the guardians has been ordered closed and local organizations engaged in preparing articles for the comfort of the men in camp have announced a discontinuance of their work.

Members of a business men's committee that extended the invitation to the officers of the local companies declare the invitation was declined with the statement that "drafted men had been given an opportunity to enlist with the guard but did not, and the guard felt it was under no obligations to honor them."

THE COUNTY FAIR

Pataskala and vicinity will be well represented at the Licking County Fair. The change in date from former years will doubtless be much more satisfactory to the rural inhabitants. Every farmer, and especially every member of the grange, should help to make this the greatest fair ever held in the county.

Pataskala has several members of the grange on the fair board.

The Van Dorn Auto company will make a very attractive display. Mr. Van Dorn will have charge of the exhibit and will be assisted by Mr. Dodds of Columbus and A. W. Caldwell of Pataskala.

AMUSEMENTS

AUDITORIUM.

A Great Picture. Large and magnificently viewed as wonderment the world over is the feature photoplay "Tangled Lives" in which that sterling actor Robert Mantell is starred and in his support are seen such clever stars as Genevieve Hamper, Louise Glau, Henry Leone and others. Mr. Collin's wonderful story was enacted at Jamaica, where the settings were magnificently adapted to the legend. Entertainment and the usual Auditorium prices, but for the present the management will not make an attempt to raise prices as has been the case in almost every picture theater since the first picture was presented. The first picture to be offered will be familiar to all.

Rise," a comedy that is promised to make you laugh until seats fall apart. The orchestra will render a specially arranged musical program.

The Amazons. Beginning Monday Newark picture fans will see the greatest series of pictures ever shown in the city, the new select star series of the Paramount and Artcraft features, brought to our city at a cost that is probably an unusual amount. The famous asylum scenes are particularly wonderful and were taken at the colonial Insane Asylum in Jamaica. Sunday. A club sandwich sometimes can be as essential a factor in the production of a motion picture as the scenario itself. In Bryant Washburn's Essanay feature, "The Man Who Was Afraid," it had been procured from a nearby delicatessen, set aside until the time for its appearance. The facts are not known, however amateur sleuths declare that some hungry "extra" man stole the sandwich and devoured it during the filming process while another sandwich was being prepared.

NEW MILLINERY FALL ANNOUNCEMENT FALL

To our many friends and patrons, we wish to say that the Licking County Fair to be held next week will be the largest and best in its history; it will bring vast crowds of well-dressed strangers to Newark; and as you will want to look as smart as they, we have now on hand the largest line of Hats and everything pertaining to the millinery trade we have ever carried. Thanking our old patrons for past favors, and soliciting new ones, we are, very respectfully,

Miss Clark will be seen at The Auditorium three days commencing Monday in her new Select Star feature "The Amazons."

This is the highest priced picture on the market today.

main point of the story, is seen in our Marguerite Clark in "The Amazons," by Sir Arthur Wing Pinero.

A Great Week. In almost every city or town where the new Paramount-Artcraft star series has been booked, the theatre's have been compelled to advance the price of admission, some going as high as twenty-five cents and in New York City, the Rialto and Strand theatres go as high as a dollar. The reason for the advance is placed to the high cost of everything, for almost everything connected with a playhouse has advanced and this new service has advanced also.

Newark picture fans wouldn't believe it if they were told that pictures to come to the auditorium cost \$100.00 a day; well this is a fact. Starting with Monday next Manager Fenton will charge \$100.00 a day for the Auditorium fans will turn out and show their appreciation, the Auditorium prices will not advance one cent. Just think such stars as Marguerite Clark, Douglas Fairbanks, Julian Eltinge, Jack Pickford, Louis Huff, Sesupe Hayakawa, Lima Cavalieri, Wm. Hart, Geo. M. Cohan, Doug Fairbanks, Mary Pickford, Eddie Worthington, Greta Garbo, Charles Ray and many others, all in productions that cost thousands of dollars, seen at the Auditorium for one dime, this together with an orchestra and four pieces that can be seen in any theatre. Now picture fans, it's up to you—if you want the best and at a single dime get busy, make the Auditorium your amusement playground.

Friends and Society sees the best, the Auditorium theatre. Miss Marguerite Clark is the first super De Luxe Paramount to be seen Monday, Tuesday and Wednesday next week in a grand picturization of Pinero's "The Amazons." Thursday and Friday "Doug" Fairbanks is in the Artcraft master piece "Down to Earth." This is a fair week treat for all.

Notes. Next Monday the Hearst-Pathe News contains some things that are said to be really interesting. Can you imagine yourself in a boat, having a good time, and having the world in your pocket? This is just what happens when you see the Pathé Weekly again this week.

Gordon Edwards' directed "Tangled Lives" the master photoplay that is being shown at the Auditorium today and especially pains and time were taken in making this feature. The idea of creating a company to compete with the Fox Photoplay is even more perfect.

Mr. Edwards' long experience in stage direction as well as movie work is evidenced in this film, and the fact that Robert Mantell and Genevieve Hamper are leading the cast, is enough to draw large houses. The last showing.

Laughter is in store for Auditorium patrons tomorrow night when the play is at the Auditorium tomorrow together with the Triangle five reel feature "The Wolf Woman" in which Louise Glau and Charles Ray are seen.

The orchestra under the direction of Ernest Cochran has arranged a special program to follow the Triangle picture feature "The Wolf Woman" which is seen at the Auditorium to-morrow.

There will be a triple wedding at the Auditorium on Monday and Tuesday of next week. This will be in the Marguerite Clark picture "The Amazons" which is one of the prettiest affairs of its kind ever filmed. Three hoydenish sisters who have been raised as boys, on account of their parents' disappointment, have not been able to get about the task of designing and building the various sartorial adornments. In all she prepared twelve gowns, each of which is displayed to advantage throughout the action of the picture.

Mrs. Glau is supported by a strong cast, headed by Charles Ray, Howard Hickman, Marjorie Temple, Gertrude Claire, Wyndham Standing and others.

The Wolf Woman, which is a picture that will amuse all and together with the laughing success of the season, the two reel

New Home Columbus Lodge No. 37
B. P. O. Elks, Columbus, Ohio

THE meetings of the Ohio State Association of Elks' reunion, Sept. 18 to 21, 1917, will be held in the beautiful Elks' home, located on East Broad street, for which elaborate preparations are being made by the executive committee consisting of John G. Price, chairman; J. W. Ranney, secretary; J. W. Kaufman, Albert Bernet, Edward T. Gettrot and Albert B. Dawson.

Love of country and loyalty to the war cause of the United States are so keenly implanted in Ohio Elks that they will abandon their usual "show" parade this year and substitute for it an impressive patriotic demonstration on Thursday night of the reunion. These wartime ceremonies will be held in the Statehouse yard. Columbus citizens will be asked to unite with the lodge men in paying tribute to the fighting men of America. At one time during the ceremonies those of the assemblage will bow their heads in silent testimony of appreciation of our soldiers and in contemplation of the war's significance.

A splendid program of entertainment has been arranged for the Elks and their ladies. At a special initiation by Columbus lodge the new ritual, adopted by the grand lodge at Boston, will be exemplified.

JUBILEE ADDRESS TO FEATURE W. F. M. S. MEETING TUESDAY

The annual convention of the Zanesville District W. F. M. S. will be held in the First M. E. church, Tuesday, Sept. 11, beginning at 7 o'clock a. m. and continuing throughout the entire day.

Twenty-eight churches are represented in this district and delegates will be present representing these churches. Several officers of the Ohio conference and Clinton county will be present.

The W. F. M. S. of the First M. E. church is in the midst of a five year jubilee movement. There will be present at the meeting here the three branch superintendents, Mrs. C. G. Hendon, Mrs. C. C. Fisher and Mrs. J. F. Fisher of Cleveland, jubilee commissioner for the entire society.

Mrs. Fisher is an orator of ability and will give an address at 7:30 p. m. This will be preceded by a program arranged by young people's societies. There will be a children's pageant at 4:30 p. m. The convention will be directed by Mrs. O. N. Loveland, president of the W. F. M. S. who has been educational director in the Springfield association.

Everything is getting ready for the fall annual meeting. Miss Burns, the general secretary for China, has come to town, making plans for the various classes. On Monday evening, September 11, the first class in music will begin. Miss Kellogg who had charge of the music class last year will again have charge of the work. Any girl desiring to make her own fall hat will be welcome to the class. The fee for six lessons or 50 cents. The class is not meant for present membership only.

Miss Grace Copcock, national secretary for China, has come to town to carry on her work in Chinese associations. They sailed August 1. Among them is Ruth Lina Fisher, daughter of Fisher, former secretary of the Newark W. F. M. S. who has been a member of the association since its organization.

Everyone interested in this convention is most cordially invited to be present.

Y. W. C. A. Notes

This fall sees a number of changes in the secretarial force of the Newark Y. W. C. A. Mrs. Frank Frankel, who efficiently carried the work of general secretary during the summer, left for her home in Utica, to resume her work of teaching at the High school. Mrs. Frank L. Johnson is now acting general secretary for the time being.

Mrs. Alta K. Daniels of New Richmond, Ohio, will assume the duties of home secretary. She is a graduate of the University of Michigan, having completed her studies in Chinese associations. They sailed August 1. Among them is Ruth Lina Fisher, daughter of Fisher, former secretary of the Newark W. M. S. Ruth is a graduate of Columbia University taking special training under the direction of Miss Bradstreet, the physical director at Denison.

Several calls have come to the association during the fall day, from women who desire house work. The association will be glad to place these women, if those who do the work done, will leave their names with us.

Y. M. C. A. Notes

A number of the committees of the association have met within the past week to make definite plans for the fall work. Among these were the finance committee, the boys' work, the physical committee. The building is being cleaned and remodeled in various places to make it fit for the work.

The new men's quarters will be ready for use about October 1. This room will be used for the men's room in the regular locker room and makes room for 50 members. With this added relief new members will find excellent accommodations.

September 1, there were 500 members in the association. With present facilities not more than 150 new members could be taken care of. This membership will be coming in these fall months. There are many young men in the city who would profit by the physical and social privileges offered.

There are now over 25 members of the new national army. Many of these members are from the association with cards from time to time. All seem to be happy and contented. The association is with them to come to their aid in their needs. All the home boys pray for them.

Members Frank Young of City, Victor Dodd's office and Ray Becker, of Dr. Stevens' office of the B. & O. have agreed to take positions in the war department.

A card from Russell Long who is in the war department, says he is in the medical corps. He is happy though he misses his wife and children.

Wm. Bliss and Fred Jones left for Denver.

The regular meeting of the gym classes will be Oct. 1. The new date is posted at the building and every member is requested to get his suit in readiness for the work. The business men's class and junior and cadets will run as usual up to this date.
